## MAXIRUSH

INTRODUCING INSERT TYPE MODULAR HEADS  
FOR MAXI-RUSH SHANKS

CHASEMILL

TANGSPEED  
TANGENTIAL MILL

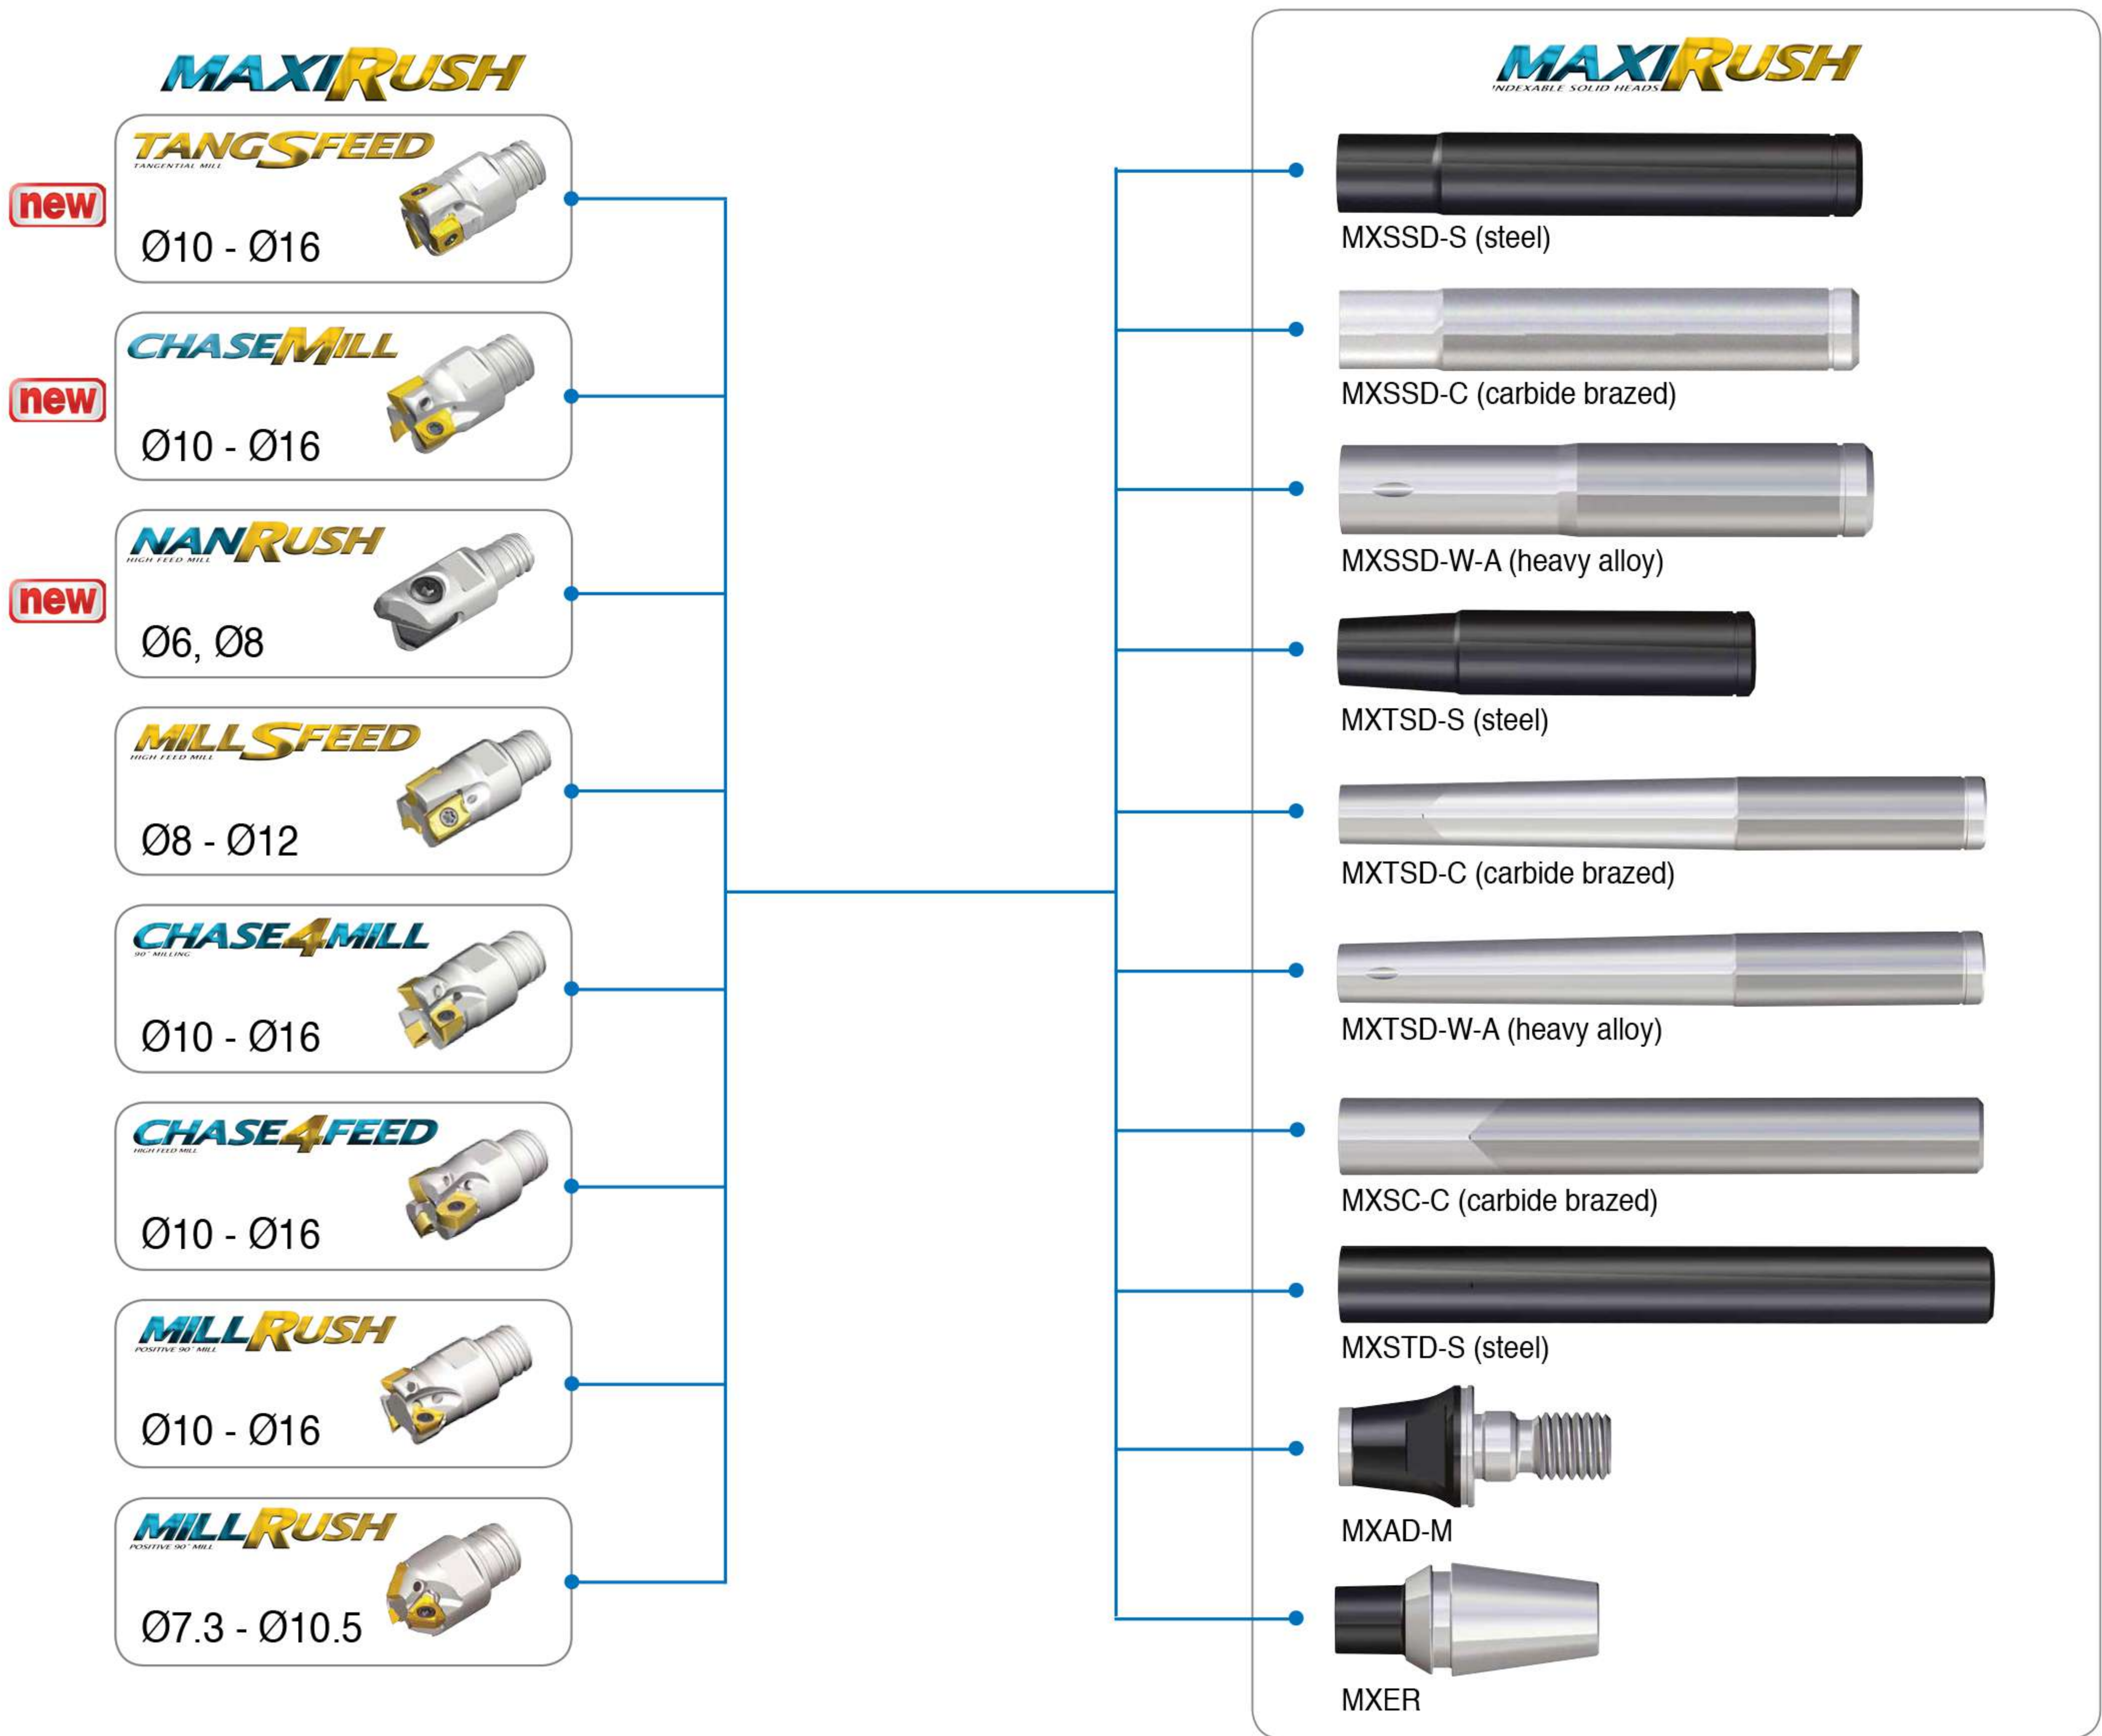

NANRUSH  
HIGH FEED MILL

### KEY POINT

**TaeguTec has introduced insert type modular heads for the MAXI-RUSH line of shanks.**

The insert type modular heads of the TANG-SFEED, CHASE-MILL and NAN-RUSH products have been incorporated into the flexible MAXI-RUSH line in order to further diversify the popular line's application range. Due to their easy indexable head replacement of the shank mounted to the chuck, the additions to the line offer superior performance, improved productivity and reduced set-up time. For more information, please contact the product manager.
